## \$225 Cut in Price of Titan 10-20

**BEGINNING**  
July 1st, 1919,  
the 1920 price  
of the Titan 10-20  
kerosene tractor is

**\$1,000**

CASH F. O. E. Factory

**\$1050 when  
time is given**

Reasonable terms  
will be given to any  
man who needs the  
Titan now and can-  
not pay cash in full.  
These terms are new.

**WE** have reduced the price of the Titan 10-20 from \$1,225 to \$1,000. This big cut is not justified by present prices of materials and labor, but is made in anticipation that the largely increased volume of business developed will offset the reduction. The Titan now becomes the world's most popular priced 3-plow tractor.

If you have been holding off buying a tractor because \$1,000 was your limit for a good 3-plow machine, your price will now buy the best one.

To sell the Titan 10-20 at this low price, not a single necessary feature has been taken off to be bought at extra cost. The Titan comes to you complete. The Harvester Company is too old at the business to offer you a tractor which is not 100% efficient at the drawbar and 100% efficient on the belt.

Remember, the Titan is a 3-plow tractor. Don't confuse it with low-powered 2-plow machines. For a fair comparison as to price, add one-half the cost of any 2-plow tractor to its advertised price, then add the cost of

all the extras you must buy, and that will put it on a par with the Titan 3-plow tractor. Then compare values.

In addition, remember the Titan is a genuine kerosene tractor. Gasoline as tractor fuel is unwarranted extravagance. Don't forget that. We give you a written guarantee that the Titan operates efficiently on kerosene.

You can't make a mistake if you select a Titan 10-20 at its present low price. It will give you power satisfaction that will stand by you steadily season after season at drawbar and belt. You may rely on Harvester reputation for good service and fair dealing. Go to your dealer. Arrange for immediate shipment. This price reduction may make delivery difficult later. Place your order now.

### These Features, Regular With Titan, Are Charged for Extra by Some Tractor Makers:

Friction Clutch Pulley

Governor

**Friction Clutch Pulley** With the Titan you get a large wide friction clutch pulley, put in the right place by a company that knows where it belongs. It is provided with a safety shield. The belt work season is on. *No extra charge for Titan pulley.*

**Throttle Governor** With the Titan you get a throttle governor. It gives you steady speed for belt work, saves fuel, prevents grain losses, works automatically and perfectly. *No extra charge.*

**Starting and Service** You get the Titan tractor without the compulsory "starting and service charge" made by some companies. Complete instruction in starting and operating is given free. *No extra charge.*

**Drawbar** With the Titan you get a convenient drawbar, adjustable side-ways and up-and-down. Fits every need. Compare it with others. *No extra charge.*

**Fenders** With the Titan you get drive-wheel fenders. They stand for safety. They also protect the engine and operator from mud and dust. *No extra charge.*

**Platform** With the Titan you get a rear platform. You can stand up and run the tractor, put in more hours with less fatigue. *No extra charge.*

### DAYLIGHT LAKE TRIPS

With many vacationists now planning lake trips Lake Erie, with its great ship "SEEBANDBEE" and other magnificent steamers, is by far the most popular.

As usual the Saturday daylight trips between Cleveland and Buffalo are proving very attractive to many travelers.

From Cleveland, C. & B. Line's Steamer "City of Buffalo" leaves New Pier, foot of E. 9th St., every Saturday during the summer season at 8 a. m., arriving at Buffalo 6 evening of the same day.

From Buffalo, the Great Ship "SEEBANDBEE" leaves wharves at South Michigan Ave. Bridge every Saturday at 8 a. m., reaching Cleveland at 6 p. m.

The night service of the C. & B. Line is the same as heretofore, namely; steamers leave both cities daily at 8 p. m., reaching destination the following morning at 6:30 a. m. (All Central Standard Time.)
